Coventry High School Students Reach High

Coventry High School, along with eight other school districts in Connecticut, was selected to receive funding from the Connecticut Business & Industry Association's **Project Opening Doors** grant. This grant involves a partnership between the public and private sectors that seeks to increase Connecticut students' participation in Advanced Placement (AP) courses and better ensure their success in college. This initiative involves representatives from education, government and business. **One hundred** Coventry High School students are currently taking one or more AP courses!

In acknowledgment and celebration of our students maintaining an academically rigorous program, we will be holding a Student Recognition Breakfast on Friday, October 31st, from 7:40 a.m. - 9:15 a.m. At this time we will also be honoring those students who have demonstrated a high level of performance on the Connecticut Academic Performance Test (CAPT), as well as those who have been acknowledged as Commended Scholars by the College Board for their performance on the Preliminary SAT (PSAT). Breakfast will be served for students and their parents, and will be followed by a presentation from members of the administration, as well as representatives from **CBIA's Project Opening Doors** grant.
