IX. Old Business

IX.A. Discussion and Possible VOTE: FY2018 Budget

Mr. Petrone said the Town Manager has asked the schools to put together a 90-day budget since a town approved budget will not be in place on July 1. He added that the budget formed by Mr. Carroll and himself, which is being presented, is very realistic. He said it does include the $1.2 million reduction given by the Town Council. J. Beausoleil asked about payroll and those teachers who select 26 pays vs 22 pays. Mr. Carroll said they get paid the additional pays before the end of the current fiscal year. M. Kortmann asked about legal and what if negotiations don't wrap up in June. Mr. Petrone said they do not foresee a delay in negotiations. Mr. Carroll said the Board will be held to the bottom line appropriations, not line by line.

E. Marchand confirmed this figure is based on the $1.2 million cut by the Town Council. Mr. Petrone said yes. He said the Town Council has made it clear they will not make any further changes to the budget until they have more information from the State and he added, with that information, the schools have no choice but to operate by that number. J. Beausoleil asked if a different number could be given for the 90-day budget, which could include the special education costs that have come up since the schools' original budget was submitted. The Board talked about this and other items that effect the budget at the State and local level.
M. Kortmann said she does not want to give staff any false hope by thinking or acting on the thought we would get the original submitted budget number.

J. Beausoleil said the choices should be given to the Town Council, so they have all of the information.

M. Kortmann reviewed a budget summary, which includes different options of what could be submitted. The Board talked about those figures. J. Beausoleil said the Town Council’s actions, of delaying the referendum, have cut the education budget to where the Council wants it without letting the tax payers decide.

The Board continued to talk about the 90-day budget and what cuts would be in effect. M. Minor agreed with J. Beausoleil and M. Kortmann, who suggested sending two 90-day budget options, noting one will include substantial staff cuts. M. Kortmann said it needs to be clear that whichever budget is chosen, it cannot change after the 90 days.

The Board asked that it be made very clear to the Town what the implications are if either budget is chosen.

**MOTION:** To authorize the Superintendent and Business Manager to present the two 90-day options for the Town Council to consider based on the two year-long appropriation numbers and work with the Town Manager and Town Finance Director to obtain an answer on the 90-day budget

*By: J. Beausoleil  Seconded: E. Marchand*

*Result: Motion passes unanimously*

XI.A. CHS Walls Committee Update

E. Marchand reviewed where the Committee is in the process. He said they are looking to use a particular firm and hoping the bid process can be waived. The concern is, will any of the costs be reimbursable by the State. Mr. Carroll said he has been working with the Town Manager, researching this item as well.
