IV. New Business

IV.A. Information: PSSS Director Vacancy

IV.B. Possible VOTE: Summer Vacancies

J. Beausoleil said it is unusual to have this type of vacancy during the summer. She said she wanted to be sure the Board was up to date on this personnel item and that the Board had the opportunity to voice any concerns publically.

(K. Sobol arrived.)

J. Beausoleil said the Board can authorize Dr. Petrone to make administrative assignments without a full search.

E. Marchand asked if a special certification was needed for the Director of PSSS position. Dr. Petrone said no, just an 092 administrator endorsement.

W. Oros said an internal candidate would be a great option. E. Marchand agreed, saying sticking with a member of this "proven team" is a good way to go.

The Board discussed the details of the vacancy.

J. Beausoleil reviewed procedures that have been followed in the past in assigning an administrator.

Dr. Petrone explained how this authorization would benefit the district, especially at this time in August.
