

Accessing Returning Student Registration through the PowerSchool Parent Portal

Returning Student Registration is now integrated with our PowerSchool Parent Portal, providing quick access to updating the demographic and registration information for your child. Please follow the directions below to complete.

1. Login to the PowerSchool Parent Portal using your username and password.

2. Click on the **Returning Student Registration** link at the bottom of the left-hand navigation bar (as shown in image on right) to begin updating the demographic and registration information for your child.
3. You should then be brought to a screen similar to the one below. Type in the birthdate for your child in the format shown and click **Continue** to move to the form.

4. Complete all steps of registration through Returning Student Registration.
5. Once finished, **if you have other children...**
 - a. Return to the PowerSchool Parent Portal
 - b. Choose the tab for the next child and repeat steps 2 and 3.
 - c. Continue this process until you have finished the registration for each of your children.
