Re: Proposed Fiscal Year FY2024 Budget

---

The Coventry Board of Education presents its proposed budget for Fiscal Year 2024 for the Coventry Public Schools. Development and management of a budget that serves the education needs and academic achievement of Coventry's students are responsibilities that the Board takes very seriously.

On January 12, 2023, the Superintendent of Schools presented a comprehensive budget proposal to the Board of Education for FY2024. Throughout January and February, the Board met to discuss the FY2024 budget and its item details.

Like many communities and households, Coventry is facing inflationary impacts to operating costs for facilities, supplies, services, etc. We are heading into the 4<sup>th</sup> year managing and mitigating the impacts of COVID-19 on academic recovery and absenteeism in our district. FY2024 budgeting is based on these realities.

The recommendations enclosed are dedicated to supporting a budget that keeps to the district's vision, mission, and goals. It honors our contractual obligations, provides for facilities maintenance, and supports state and federal mandatory requirements. On February 9, 2023, the Board made and passed the following motion: "To approve the FY2024 budget at \$29,824,330 a 3.87 % increase over the FY2023 budget."

In closing, please know, the submitted proposed Coventry Public Schools FY2024 budget is a blend of long-term strategic planning for educational services for all of Coventry's students and their academic achievement, while respecting the challenges of education learning environments and inflation of current times.

The Coventry Board of Education appreciates the feedback and dedication of our community in our shared goals for Coventry's students as we work together to serve our community.

January 12, 2023

Dear Board of Education Members,

We are quickly approaching the third anniversary of the pandemic. Mentioned numerous times since March of 2020 is the tremendous impact the pandemic has had on students all over the world. Certainly, Coventry students were not insulated from the fallout. Last year, I brought forward the administration's concerns over unfinished academic learning, coupled with the concerns about our students' social and emotional wellbeing. Through quality academic programs and instructional shifts, we continue to do an outstanding job of addressing our students' needs, both academic and social-emotional. Much of what was put into place to support our students, such as our school year tutoring and afterschool programming, along with our summer academic camps, was supported by government funding. The two math interventionists will continue to be funded via this avenue for one more year as well. With all of this in mind, we have developed what may not be perceived as a conservative budget when compared to past budget increases, but it is one that ensures we continue to meet the needs of our students and not put them at a disadvantage. Further, to support this increase, one should look at the fact that our average budget increase over the last 9 budget cycles was 1.09%. The fact that we are ranked the number one school district in Tolland County by Niche, have a National Blue Ribbon School, are recognized as a New England League of Middle Schools Spotlight school, coupled with outstanding performance year after year on the annual State assessment, speaks to how we have maximized our use of resources. However, an organization can only sustain performance results like this for so long without adequate resource levels that match the needs of the district. In short, we have streamlined operations over the past decade where any further reductions would decimate programs at a time when students need resources and programs increased, not redacted or eliminated.

The fact that inflation is at record highs and people are feeling the impact in their day-to-day lives is not lost on me. The 3.92% increase reflected in this budget ensures that we do what is right for the students of Coventry in order to position them for success. I acknowledge this budget increase is significantly higher than others developed for your review during my tenure as Superintendent. However, based on anecdotal information, I expect this increase to be on the low side of the increases seen for the majority of school districts across the state. It is imperative we maintain current programming, resource funding, and

staffing levels. Know that we are not alone in this challenge and that other districts are also at a point where the community needs to come together for the students.

### **System Goals**

1. Identify, define, and measure the critical skills and attributes that are required for success and align systems to continuously improve student performance and achievement.
2. Maintain and promote a positive and respectful learning community.
3. Recruit, retain and develop high quality staff at every level.

### **District Refinements**

Increase Elementary Secretary Hours (.23 FTE increase at both the Coventry Grammar School and G. H. Robertson School (GHR))

- While the demands on the staff in both school offices have increased, there has not been an increase in assistance in over 20 years. In general, students at this age require support and/or supervision to ensure they remain safe when arriving at and departing from school. Lengthening the hours of the positions will provide assurances that safety and security protocols will continue to be managed appropriately and will greatly reduce any potential errors due to limited staff availability. Additionally, coverage during the busiest times of the day will be in place. These positions would increase from .50 FTE to .73 FTE each.

Certified Nurse Assistant (CNA) (1.0 FTE at the Capt. Nathan Hale School (CNH))

- Students with disabilities may require services that are beyond the scope of our para-educators and special education teachers. District para-educators are specifically trained to meet students' social, emotional, academic, and behavioral needs, not complex medical needs. While some services required by students with multiple disabilities could be considered within the realm of a para-educator's job description, this would not maximize the use of our resources. To assign para-educators from other job responsibilities requires constant scheduling adjustments, which are most challenging when considering all students' needs. Due to the need this year, a full time CNA was hired. This need will continue.

#### Physical Education (.1 FTE increase at the Capt. Nathan Hale School)

- This increase in FTE from a .6 to .7 is to provide Adapted Physical Education (APE) for students meeting the criteria for APE under the Individuals with Disabilities Education Act. APE is an individualized program of instruction created for students with disabilities that prepares the student with the individualized support they need to benefit from general physical education. APE is a direct special education service. As students are promoted to CNH, the need for APE has increased and the need for this position will continue for years to come with students continuing to transition from GHR to CNH over the next several years.

#### Spanish (.2 FTE increase at the Capt. Nathan Hale School)

- The current position of .8 FTE Spanish presents challenges when scheduling, results in higher than acceptable class sizes, and restricts our pool of certified teachers who may be interested in teaching at CNH. Increasing the position by .2 FTE would allow for greater flexibility in scheduling and reduce the class size, which would allow for a better student learning experience, as well as attract a wider array of viable candidates for the position. Having class sizes as they are currently constituted presents challenges when working on comprehensible input and engaging all students in the learning process. We are committed to providing students with robust learning opportunities focused on the five C's of world language education – Communication, Cultures, Connections, Comparisons and Communities.

#### Speech & Language Pathologist (SLP) (.2 FTE increase in Pupil and Staff Support Services (PSSS))

- While SLP caseloads have only increased slightly, the intensity of the services required to provide appropriate SLP services to students has increased significantly. The number of students with Augmentative and Alternative Communication (AAC) devices increased this year. Services for students with AAC devices are both direct and indirect. Direct service speech services are those sessions with students, while indirect service includes training, programming the AAC device, and collaborating with special education teachers, para-educators and families to ensure the device is utilized appropriately and effectively. The SLPs also consult with a Speech-Language Pathologist Assistive Technology Specialist focusing on AAC from EASTCONN. In addition to the time allotted to direct and indirect Individualized Education Plans (IEP) services, SLPs are also involved in compliance activities: servicing students under Scientific Research-Based Interventions (SRBI), evaluating students, attending Planning and Placement Team meetings (PPTs), and developing IEPs. The aforementioned activities all require time during the school day. With the additional .2 FTE, this position would increase to .8 FTE.

#### Registered Behavior Technician (RBT) (1.0 FTE for Pupil and Staff Support Services)

- The requirement for behavioral support for students with intensive needs continues to increase as more students are experiencing social, emotional, and behavior challenges. A Registered Behavior Technician (RBT) is a paraprofessional, certified in applied behavior analysis. RBTs assist in delivering behavior-analytic services and practices under the direction and close supervision of an RBT Supervisor; in Coventry's case, the district Board Certified Behavior Analysts (BCBA). District BCBAs will supervise the work performed by the RBT. Coventry currently has 4 paraprofessionals working to obtain their certification which has been made possible by a grant that was received by the State of Connecticut.

#### Pupil and Staff Support Services Specialist (Stipend)

- As a result of the COVID-19 pandemic and the migration to the CT-SEDS special education system, the responsibilities of the PSSS Director have been steadily increasing over the last few years. Special education has seen a significant increase in students requiring services as a result of the social isolation experienced during the pandemic. Requests for the PSSS Director to attend parent meetings, PPT/504 meetings, and staff meetings in order to provide direction to administrators and staff are frequent. Tutoring requests, home instability, and residency related issues have also increased.

#### **Conclusion**

I implore you to break the historic trend of minimal budget increases that have been a staple in our community and instead, support this budget to guarantee that our students are not put at a disadvantage and that they continue to receive the same quality services they deserve.

Sincerely,

David J. Petrone, Ed.D.

Superintendent of Schools

## Coventry Board of Education **Mission Statement**

The Coventry Public Schools will prepare every student for life, learning and work in the 21<sup>st</sup> century.

## Coventry Board of Education **Goals**

1. Identify, define, and measure the critical skills and attributes that are required for success and align systems to continuously improve student performance and achievement.
2. Maintain and promote a positive and respectful learning community.
3. Recruit, retain and develop high quality staff at every level.

## **FY2023-2024 BUDGET DEVELOPMENT ASSUMPTIONS**

1. Contract percentages for each union:
  - Custodians – 3.0% GWI plus step
  - Secretarial – 3.0% Placeholder
  - Nurses – 3.0% Placeholder
  - Teachers – 0.55% GWI, plus step. If at Max step, 2%
  - Administrators – 2.5% GWI, plus step
  - Para Educators – 2.77% inclusive of step. Salary Schedule Restructured
2. Health Insurance – medical includes a 0% premium increase, dental no increase, some employee Union shares increase
3. Employee Pension – Includes a 3% increase over current years' contribution
4. Workman's Compensation – includes a 0% increase over current premium
5. Utilities
  - Gasoline/Diesel – budgeted at \$3.06/gal for 35,000 gals
  - Electricity – Supply cost per \$0.09973/KwH (Fixed thru 12/2026)
  - Heat Energy – budgeted at \$3.00/gal for 51,000 gals and \$116,837 for Natural Gas.
6. Property & Liability Insurance – 0% increase over current premium.
7. Special Education, Excess Cost – Reflects a 3% increase in NCEP and State funding at 73%

6150	TUITION (OUT-OF-STATE)	Tuition for students outside the district at out-of-state locations

**G.H. Robertson Intermediate School**  
**Proposed Budget for 2023-2024 School Year**

The proposed 2023-2024 budget for the G.H. Robertson Intermediate School will continue to move us forward as we embrace our state, district, and school initiatives, with reallocations of funds among series based on a thorough budget review of last year's budget.

Beginning with our 400 series, this budget supports the ongoing use of integral parts of our instruction and assessment system, including PowerSchool and curriculum aligned programs that can be used both at school and at home. Some programs are used for all students, while others are used for intervention and enrichment purposes, providing a differentiated network of support for students. REFLEX math is used by all GHR students to support their fact fluency in addition, subtraction, multiplication and division. ALEKS math is a comprehensive math program that serves as an intervention resource and to accelerate students with a math curriculum, which is customized and adapts to each student based on their progress. We have also shifted MobyMax to the operating budget from ESSER funding; this program has been used for the past several years for enrichment and intervention. From Follett, Destiny Engage has been added as part of library media programming in which students can collaborate on reading lists, participate in reading challenges, and ultimately develop good reading habits.

The majority of the budget falls within the 600 series, Instructional Supplies. Over the past few years, our instructional focus areas, and thus funds within the 600 series have been shifted to support content area literacy, Social Emotional Learning, and Next Generation Science Standards (NGSS). We have also prioritized library resources and the purchase of chapter books to support book clubs, multiple copies of high interest trade books for literature circles, optional enrichment groups like Girls Who Code, and texts to celebrate author visits. We are fortunate to also have a PosterMaker which will require annual consumables such as ink and paper. For workbooks, we have used up the workbook inventory from the pandemic and re-evaluated which workbooks we use, resulting in an increase.

This budget serves to fulfill our Coventry Public Schools Portrait of the Graduate statement, as we prepare students to be critical thinkers and consumers of varied media, engaged collaborators who demonstrate leadership, effective communicators in a variety of modalities, authentic innovators who demonstrate perseverance and creativity, and empowered citizens founded in integrity.

**COVENTRY GRAMMAR SCHOOL**  
**Proposed Budget for the 2023-2024 School Year**

Coventry Grammar School's proposed budget aligns with the District Strategic Plan and the Superintendent's Goals. It is the result of work within the school and at the district level. Grade level leaders, School Improvement Planning staff and district committee members assisted with the establishment and prioritization of goals.

The CGS budget addresses enhancements to the Multi-Tiered Systems of Supports through the selection of research-based materials at each level, Tier I, II and III. This includes reading materials that provide explicit practice with applying phonics skills and math materials with an increased focus on number sense, fact strategy and application to real world problems. Our commitment to NGSS bundles are evident in materials to support revised phenomenon and adjusted lessons. Science and Engineering Practices (SEPs) will be more formally instructed and assessed.

Portrait of the Graduate competencies are realized through the implementation of the grade two multi-disciplinary project and the creation of a grade one passage presentation. Critical Thinker, rubric and instruction, will join the previously implemented Effective Communicator and Engaged Collaborator. Additionally, the POG performance areas are developed during music, movement, artistic, literary and engineering enrichment sessions.

As a K-2 primary school, we nurture growth of the whole child. Our continued use of the Aperture Education assessment will identify strengths and inform areas for social and emotional growth at the school-wide, whole class, small group and individual level. This budget supports the continued success of current programs and promotes the growth of higher achievement in all areas.

Ronda Carrie,  
Principal

Capt. Nathan Hale Middle School  
Proposed Budget for the 2023-2024 School Year

The proposed 2023-2024 budget for the Capt. Nathan Hale Middle School has been designed to align with the district and school mission and represents our belief in fostering student engagement, and supporting students' growth for success in high school, college and future career paths. We continue to support initiatives that align teaching and learning to support students to be college and career ready, and provide a safe and positive school environment.

Funding is requested in the 100 series to add .2 to the current .8 Spanish position which will allow for smaller class sizes, increased flexibility in scheduling, while increasing our potential pool of highly qualified, certified teachers. Professional learning for staff on the acquisition of best Social and Emotional Learning (SEL) practices in the classroom, and trauma informed practices with our students has been at the forefront of our goals for the past two years. The 2021-2022 school year was the first year we utilized the Devereux Student Strengths Assessment (DESSA) universal screener to assist us with developing and implementing additional tiered interventions to address students' social and emotional competencies and learning needs. In addition, funding was moved from the 600 series to the 800 series to further support differentiated instruction for our high performing students within our challenge and enrichment programming specific to our Future Problem Solvers program. After school enrichment programming will also continue during the 2023-2024 school year. This budget also supports resources for our math acceleration programming, and for our STEM and technology education programming.

We continually review our district initiatives and professional development opportunities for staff, and make projections for teacher training for the next fiscal year. Utilizing digital resources, increasing students' college and career readiness skills will continue through teacher training on best uses of 1:1 student technology, Google Apps for Education, and through incorporating the use of common 21<sup>st</sup> Century standards-based learning rubrics in a digital world. It is necessary to provide our teaching staff with ongoing and differentiated professional learning opportunities that support building strong student/staff relationships, effective classroom instruction, assessment and student achievement.

The FY2023 budget was careful to focus on maintaining services with consideration given to reallocating funding where appropriate with the goal to align all programming with our current standards, 21<sup>st</sup> Century skills, and our vision for Coventry's Portrait of the Graduate. As we continue to prepare our middle school students for high school and future positions in the workforce our budget is focused on the necessary resources, and learning and development that are needed for our students to demonstrate global competence in an increasingly innovative and information rich society.

It is the goal of CNH to uphold the mission of the Coventry Public Schools in preparing every student for life, learning and work in the 21<sup>st</sup> Century. This budget allows for the continuation of supporting student achievement in a digitally progressive environment as well as providing teachers the necessary access to continue their professional growth as 21<sup>st</sup> Century educators.

## Budget Narrative Coventry High School FY2024

The Coventry High School budget for the fiscal year 2024 has been designed to align with the district and school mission of preparing every student for life, learning and work in the 21<sup>st</sup> Century. We continue to support initiatives that align our teaching and learning to support students to be college and career ready and provide a safe and positive school environment. In order to support this mission, our budget priorities are focused on our Portrait of a Graduate skill development, preparing students for the SAT, continued focus on the Next Generation Science Standards, and the continued support of our extra-curricular activities

We continue to support the district's efforts to foster our Portrait of a Graduate skill development in all of our students through expanding our use of technology to support student learning. In the 2023-24 school year, Chromebooks will continue to be provided to all of our students in grades 9-12. In support of this investment, we have budgeted for digital resources for the classroom, including online textbooks, and our Library Media Center. Also, we will continue our professional development for teachers in the development and effective use of our Portrait of a Graduate Rubrics and in technology through workshops on the Google Suite and other educational applications to enhance learning for both new skill development and learning recovery. We have also budgeted for software for our Computer Science Principles course, to support all student development of coding skills.

Preparing students for the SAT continues to be a budget priority for the 2023-24 school year. School and district personnel are using data from the PSAT and other assessments to identify needs for both school wide and individual student growth. Both Mathematics and English curriculum are continuing the revision process to align with both Connecticut Core Standards and the skills assessed in the SAT and to address any learning loss identified in recent standardized assessments. We have budgeted for renewal of online textbooks in mathematics and replacement of English texts. We have also allocated funds for professional development through the College Board, and continued support for our SAT Prep courses. In order to support our highest achieving students, we continue to budget funding for staffing and resources for advanced level, dual enrollment, and college credit courses at Coventry High School.

As additional support for students, we are continuing our implementation and professional learning for the Next Generation Science Standards. We have budgeted for professional development, digital resources, instructional materials, and equipment for our continued transition to the inquiry and engineering design process, which is at the heart of the NGSS. We also have continued support for our Advanced Placement program in science through College Board Advanced Placement teacher training for the 23-24 school year.

After review of our equipment for our athletics, we will continue our schedule of replacement of equipment, supplies, and uniforms to support the athletic development and safety of our student athletes. In addition to our replacement cycle, The CIAC has mandated that all schools must institute the use of shot clocks in both girls' and boys' basketball, necessitating budget support for purchase, installation, and game officials for shot clocks at each home game.

**Pupil and Staff Support Services  
Educational and Budget Priorities  
2023-2024**

What a journey it has been over the last several years for educators. Coventry PSSS staff are to be commended for not only successfully maneuvering through the COVID pandemic, but to adjusting to the significant changes and challenges of CT-SEDS. The Pupil and Staff Support Services (PSSS) budget was prepared by analyzing data from previous years and considering future needs of Coventry students.

In review of the 400 series, savings are due to the funding of the State of Connecticut's new IEP/504 platform, CT-SEDS. This has been a massive undertaking. The State unveiled this program in July 2022. The roll-out has resulted in significant issues with implementation processes; therefore, it is recommended that Coventry pay a nominal fee to maintain access to Frontline so historical data is accessible to our staff.

Student transportation (510) is unpredictable as students move in and out of Coventry who may or may not need van transportation. Extended school year (ESY) transportation expenses continue to increase year-to-year as special education students are recommended to attend ESY. At this point in time, the PSSS budget is presenting a decrease in expenses.

Public and private outplaced tuition student expenses are vulnerable. We are fortunate that savings are realized for both line items (560.6110 and 560.6130) due to a student transfer to a different nexus, another student transitioning back into district and a third student aging out of public school.

The proposed PSSS budget provides the Coventry Board of Education and the Town of Coventry with a clear and comprehensive picture of the state and federally mandated services required. Not only does this budget support our responsibility of Child Find under IDEA, it also covers effective special education programming for our students with an Individual Education Plan (IEP).

Respectfully submitted,

Beth Giller, Ed.D.  
Director of Pupil and Staff Support Services

## **Physical Plant and Facilities**

### **Proposed Budget for 2023-2024**

When developing the Warehouse budget the focus was looking at increased costs related to material costs, utilities, and increases in contracts.

In this year's budget the large increases are in both energy and utility accounts compared to last year. The increase comes from the increasing cost of oil and electrical. Both the 612 Custodial supplies and 613 Maintenance supplies accounts have larger increases this year than in the past years. The increase comes from the increased cost of materials that we have seen over the last year.

The other increase to the budget is under the 430 Contracted service account. We have seen a larger increase in contracts over the last year compared to previous years. We will be working with contractors to sign multiple year contracts to help reduce the larger increases over the next couple of years.

Central Office  
Proposed Budget for FY2023-2024

Dear Board of Education Members,

The Central Office budget includes adjustments from current funding levels in certain accounts that are forecasted to have surpluses/deficits in FY2023. A 0% increase in our Health Insurance premium rates is reflected in this initial proposal, final renewal premiums will be negotiated in the spring of 2023. The Boards' contribution into the Coventry Pension Plan has been increased to the actuaries recommended contribution level. Workers' Compensation includes a 0% increase over the current year's premium. The request for Student Transportation includes a 3.95% contractual increase. The Diesel Fuel request would allow for the purchase of 35,000 gallons at \$3.06 per gallon.

The proposed 2023-2024 budget for the Educational Technology Department serves to support all stakeholders throughout the Coventry Public Schools Learning community with access to required tools and resources required for each and every individual, while fostering safe and equitable access.

The majority of the Educational Technology budget is focused in the 430 (Contracted Services) and 611 (Supplies) account. Our 430 account includes district-wide renewals for all major programs including financial systems, staffing, teacher evaluation, curriculum, filtering, disaster recovery, multi-factor authentication (MFA), and other technology systems. Email archiving and wireless access point entitlements account for the bulk of the increase (94.82% of the account's overall increase). Our 611 account focuses on individually assigned devices to ensure continuity of programming. The 97.5% increase in this line can be attributed to device purchasing, for which we are adding an additional grade of devices per our district obsolescence plan.

With an ever-increasing reliance on technology as integral to the daily operations of both students and staff, the proposed Educational Technology budget allows us to continue to provide a high level of service and equitable access to all stakeholders.

Robert Carroll  
Director of Finance & Operations

Catherine E. Drury  
Director of Educational Technology

**Hale Early Education Center  
Proposed Budget for the 2023-2024 School Year**

The Hale Early Education Center (HEEC), in accordance with district goals and the HEEC mission, educates 3 and 4-year-old children with special needs. Children with special needs are integrated into all seven HEEC classrooms. Educating these children in regular classroom settings enhances their overall development while enabling staff to provide additional support in targeted areas of need.

Lois Hasty, Ph.D.,  
Preschool Special Education Coordinator
