Appendix A – 2020-2021 HEEC Reopening Plan under COVID-19

Families requiring translation to interpret this information should contact the office staff for assistance 860-742-4550

Mission Statement

The Hale Early Education Center exists to provide a strong foundation for children as they begin their formal educational journey toward becoming lifelong, self-directed and self-fulfilled learners. We strive to provide each child with developmentally appropriate activities and experiences within a warm, caring and positive environment, and to meet the needs of the families in our school community. We believe that by cultivating children's curiosity, excitement for learning, and respect for themselves and others, we will foster confident, independent thinkers.

Philosophy

A child's early years are a time of tremendous learning and growth. At the Hale Early Education Center, we believe that all children are capable learners. The success of every child is important to us. Our goal is to provide high quality instruction for 3- and 4-year olds in a supportive environment that fosters development in all domains (cognition, social-emotional development, physical development and health, language and literacy, creative arts, mathematics, science, and social studies). The Connecticut Early Learning and Development Standards (CT ELDS) are the basis for the HEEC curriculum. HEEC also provides support and services to families recognizing the critical need to partner with families to ensure that all students learn and grow as students and citizens.

Equal Opportunity Statement

Each student is encouraged to develop and achieve individual educational goals. The district will provide every student with equal educational opportunities regardless of race, color, creed, sex, sexual orientation, national origin, religion, age, economic status, marital status, or disability. No student will be excluded on such basis from participating in or having access to any course offerings, student athletics, counseling services, employment assistance, extracurricular activities or other school resources.

Dr. Beth Giller is the designated district compliance officer, who will coordinate compliance with the nondiscrimination requirements of Title IX of the Education Amendments of 1972 and Section 504 of the Rehabilitation Act of 1973.

Anti-Bias Statement

Consistent with Coventry Board of Education policy, HEEC does not discriminate on the basis of race, color, religion, creed, sex, age, marital status, national origin, mental or physical disability or handicap, veteran status, or sexual orientation. HEEC staff understand that at an early age children can absorb our society's biases of gender, age, color, language, and physical characteristics. We believe that the anti-bias curriculum that we embrace supports children as they explore, celebrate, and understand differences. Our program will;

- not conduct religious observances, such as prayer, grace, confession, church attendance, or religious instruction.
- accommodate the practice of a child's personal religious beliefs where the practice is required during program hours.
- not require children or their families to participate in faith-based or church-sponsored activities or services.

- not discriminate in hiring based on religious affiliation or lack thereof.

Our approach acknowledges that children and adults can be empowered to stand up for their rights and the rights of others and to recognize and question social injustice. We challenge the children and ourselves to:

- explore issues of fairness as seen from a child’s perspective;
- see conflict as a challenge in problem-solving;
- be open to differing perspectives, ideas, attitudes and behaviors; and
- monitor our words and actions for unconscious bias or prejudice; recognize and demonstrate respect for diversity among people.

HEEC Staff

POSITION	NAME
Preschool and Early Childhood Education Coordinator	Dr. Lois Hasty
Administrative Assistant/Secretary	Liz Murphy
Classroom Teachers (dual certified regular/special education)	Cherise Buckley
	Alicia Le Borious
	Amanda Mayer
	Yvette Chevalier
	Tina Savluk
Special Education Teacher	Stacy Lagasse
Para Educators	Paula Blood
	Matthew Maynes
	Janice Litwinas
	Gloria Madley
	Theresa Okun
	Lisa Silva
	Marisa Topliff
	Julie Klimkiewicz
	Lilia Wall
Speech Pathologist	Dawn Murphy
Occupational Therapists	Tirza Roda Noreen Halbrooks
Physical Therapist	Linda Tomaszewski

Staff Credentials

Teachers hold Masters Degrees and are certified by the state of Connecticut. Para Educators hold Certificates of Developmental Associates and/or continuing education in early childhood or related subjects.

The majority of staff members on-site hold current certificates in pediatric CPR, medication administration and first aid. The School Readiness program requires teaching staff to have at least a Child Development Associate Credential (CDA), Associate's degree, or Bachelor's degree, with twelve early childhood credits during all hours of operation.

All classrooms with School Readiness children must have a lead teacher who has a minimum of a BA/BS in early childhood education or in a related field with a minimum of twelve credits in early childhood education and/or child development.

50% or more of the designated QSMs must have one of the following: A current Connecticut State Department of Education (CSDE) appropriate Early Childhood Certification Endorsement, OR

A Bachelor degree specific to an early childhood concentration from the OEC Approved College Listing, OR

A Bachelor degree in any other field AND 12 credits or more in early childhood or child development from any college not listed on the approved list; AND successful completion of the Early Childhood Teacher Credential (ECTC) Individual Review Route; OR

On June 30, 2015 was identified in the Registry at ladder level 11 or higher and employed at a state-funded program; therefore, was grandfathered to meet the Bachelor degree level staff education qualifications; OR

On June 30, 2015 was identified in the Registry at ladder level 9 or 10 and as having been employed at the same state-funded program since 1995 or before; therefore, was grandfathered as meeting the Bachelor degree requirement until June 30, 2025.

The remaining percent of designated QSMs must have either an associate's degree in early childhood or an associate's degree in any field and 12 early childhood credits.

Programs must notify the School Readiness Council of staff changes immediately and provide updated staff credential and staffing-patterns pages from the Request for Proposal (RFP), as well as a copy of the credentials of any new staff.

Professional Development

Staff are involved in all Coventry Public Schools professional development activities.

The School Readiness Grant also requires staff to have a professional development plan that includes all required training for the program. Professional development must include but not be limited to the following:

- A. Literacy skills development.
- B. Racial/ethnic diversity, including how to respect the cultural and linguistic diversity of each family in communications, classroom curriculum, and family activities.
- C. Annual training in serving children with disabilities.
- D. Annual participation in at least two workshops in child development, curriculum, or other early childhood topics.

- E. Annual participation in at least two workshops on health related issues; e.g., well child care, special diets, allergies, and feeding needs of the children in the program.
- F. Administrators of the School Readiness program must have annual training in best business practices, supervision of early childhood programs, and topics directly related to early childhood practices.
- G. Program staff meets annually with district Kindergarten staff.
- H. The School Readiness program must use a professional development form to document the training of each staff member.

Confidentiality

HEEC and School Readiness Council’s confidentiality policy ensures the security of all children and staff information. HEEC School Readiness Council members are required to sign a Confidentiality Agreement prior to service. Information contained in child and staff records is privileged and confidential. All information regarding School Readiness assistance and requests for outside services are kept confidential. Unauthorized removal of records or unauthorized divulgence of families’, children, staff, or program’s confidential information is strictly prohibited.

Violation of these rules is considered serious and may result in discharge of staff, board or School Readiness Council members without prior warning. Staff must observe professional ethics at all times and never discuss children, families, or staff elsewhere. Employees and volunteers are required to refrain from discussing individual children with parents/guardians in hallways or in the community. If you, as a parent/guardian, would like to request information about their child, please contact the certified classroom teacher. Non-certified staff will refer your questions to your child’s teacher.

Observations made in the classroom and all information discussed at staff meetings/trainings are to be kept in strict confidence. No use of a child’s name is permitted in any journals or papers related to staff work.

HEEC Programs

The Hale Early Education Center offers preschool for children ages (3) three and (4) four. We have a variety of programs to meet the needs of children and families:

Program	Days	Times
5 Day – AM/PM	Monday through Friday	8:30–11:00 or 12:00–2:30
5 Day – School Day	Monday through Friday	8:45-2:45
Before and After Care	Monday through Friday	Before Care opens at 7:00 a.m. M-F After Care closes at 5:30 p.m. M-F
Lunch Bunch	5 days per week	AM or PM children may participate from 11:00-12:00

**If child is absent on scheduled day, there will still be an incurred charge.*

Eligibility and Enrollment

Children are eligible to enter HEEC if they are turning age 3 or 4 on or before December 31st of the current school year. If your child(ren) is turning age 5 on or before December 31st of the current school year, he/she is eligible for Kindergarten.

HEEC registration, with the exception of the School Readiness and Smart Start programs, is based on a first come, first served basis. The first two weeks of registration are open to HEEC's existing families only. Open enrollment to the public begins the day after Information Night, which takes place in March.

A \$50 registration fee is required at the time of the initial registration. If at the time of registration, a family is requesting tuition assistance, the registration fee of \$50 will be waived. If the family does not qualify for assistance (as determined by the qualification meeting with the School Readiness Liaison) the \$50 fee will be added to the first invoice.

HEEC will make every effort to accommodate program requests during enrollment. However, we will not accept requests for a specific teacher at any time during the process. Once all the classrooms are established, families who request program changes will be subject to a waiting list. The preschool recognizes that extenuating circumstances in a family might necessitate withdrawing a child from school. If withdrawing your child from HEEC, please contact the HEEC office as soon as possible.

Registration Dates

FebruaryEnrollment for current HEEC Families
MarchInformation Night
Day following Information Night8AM Open Enrollment

Registration Forms

Prior to admission, the following forms must be completed:

- A Health Assessment Record must be completed by you and your physician. Health Assessment Records are due to HEEC two weeks before school starts to be reviewed by the school's nurse consultant. Students are not allowed to start until the Health Assessment Record has been reviewed.
- Any medicines that are to be given at school must be brought in by the parent/guardian prior to the first day of school along with a Medication Authorization Form.
- Copy of Birth Certificate
- Proof of Residency (electric bill, mortgage or rent statements)
- Parent/Guardian Forms and emergency contact information which will be available on-online

Program Funding

The preschool is funded through the following sources:

1. Family tuition fees
2. A School Readiness Grant
3. A Smart Start Grant
4. The Coventry School System ~ Special Education Funding

The School Readiness Council will review the School Readiness program budget for appropriateness of expenditures as part of the consideration of proposals for funding. The Program will make every attempt to keep administrative costs to a minimum. Detailed justifications for administrative costs must be provided to the School Readiness Council. Administrative costs should not exceed 20% of the total School Readiness portion of the total program budget.

Tuition

For all Preschool families, tuition will be paid on a monthly basis. The invoices are emailed out prior to the upcoming month and are due in full on the date indicated on the invoice. The first tuition installment will be due in the summer, prior to the start of the school. No partial payments will be accepted. Full monthly fees must be paid prior to the start of the next month. Tuition for the year may be paid in full at any time during the school year.

Payments can be cash, check, money order or credit card that can be paid on-line. Tuition checks are to be made payable to HEEC and may be mailed to Coventry Public Schools, Attn: Business Office, 1700 Main Street or dropped off at HEEC. As parents/guardians last names may be different from their child's, please be sure to include your child's name on the check or money order.

Discontinuation of programs (Part Day, School Day, Before Care, After Care, Lunch Bunch) can only be made on a monthly basis. Additions of programs (Before, After Care, Lunch Bunch) can be added but must be paid in full for the current billing month before attending the program.

Fees for programming outside of regular program hours (e.g., early release days, full day professional development days, vacation days), will be charged and paid separately from tuition payments.

Fees are not refundable due to absences or vacations outside of the school scheduled vacations.

Tuition Assistance

Through the town of Coventry's School Readiness and Smart Start Grant, HEEC receives funding which provides children a high quality preschool program for a reduced tuition rate. If you meet the qualifications below, you are eligible to receive some level of financial assistance that is determined by the Tuition Assistance Coordinator.

Family Size	Earning Less Than	Income
3		\$70,906
4		\$84,412
5		\$97,918
6		\$111,424

HEEC has an allotted number of Part-Day Readiness slots. These spots are available to families who meet income guidelines. A very limited number of School-Day School Readiness slots are also available.

Children enrolled in the School Readiness program must be residents of Coventry. Slots will be available to non-Coventry residents after September 1st based on availability. Families must provide written proof of residency.

HEEC also has an allotted number of Smart Start – School Day slots available to Coventry families who meet income guidelines. Children enrolled in the Smart Start slots must be residents of Coventry.

School Readiness Fee Requirements

The following are the guidelines for the School Readiness Fees;

1. HEEC uses the current OEC School Readiness sliding fee scale to determine fees. The family fee for the School Readiness program will not be higher than the fee determined by the Care4Kids program.
2. HEEC does not accept Care4Kids Funding.
3. HEEC will annually publish their cost of care for School Readiness spaces to families, and shall file their published rate with the School Readiness Council.
4. HEEC will not charge fees to families who receive Temporary Assistance to Needy Families (TANF) cash assistance and who have no earned income.
5. HEEC will charge fees to families who receive TANF cash assistance and who have earned income.
6. Families who are not on TANF cash assistance and who may or may not have earned income, but cannot afford the determined family contribution, may be granted a total or partial scholarship. This will be determined on a case-by-case basis by the School Readiness Council.
7. All fees received by HEEC from families shall be used to support the School Readiness program.
8. Families who believe that they might qualify for the sliding scale will be contacted to schedule a family intake appointment by the School Readiness Liaison to determine eligibility. Families must provide documentation showing the last 4 weeks of income (or an IRS tax form) for all family members in the household and proof of residency (mortgage statement, utility bill). Fee calculation is reviewed with parent/guardian and includes parent/guardian signature and they will receive a copy of the fee calculation form.
9. Families who qualify for the sliding scale will be given a copy of the School Readiness Financial Form, which will indicate family contribution. A copy of this form will go to the provider for fee collection purposes. All other income-related information will be kept confidential.
10. Re-evaluation of School Readiness fees occurs once a year.
11. The Coventry School Readiness Grant provides for seventeen (17) spaces at the Hale Early Education Center. Fourteen slots (14) are designated for part-day/part-year fee scale and three (3) are designated for school-day/school-year sliding fee scale. If the sliding fee scale slots are filled, a waiting list based on date of receipt of application will be developed.

Attendance, Arrival and Departure Procedures

Families are responsible for dropping off and picking up their child at the designated times of our morning and afternoon programs. Families or a designated adult must accompany the children into HEEC at arrival time and out at dismissal time. Parents/guardians/designated adults must sign your child in and out of the preschool at each session. Attendance records, including sign-in/sign-out sheets, must be kept and made available for monitoring and auditing purposes. The sign-in/sign-out book is located in the lobby.

Attendance

If your child will be absent due to illness or any other reason, or late to school, please call the HEEC office at 860-742-4550. By the third consecutive day of the child's absence, the teacher or nurse consultant will make a phone call to the family and inquire about the child's situation. If a child is absent after two weeks following such inquiry, a letter will be sent to the parent/guardian asking for an explanation for the child's absence.

If the child is part of our School Readiness or Smart Start program, the provider will notify the School Readiness and Smart Start Liaison of any attendance concerns. If there is no response after one week, the School Readiness and Smart Start Liaison may remove the child's name from the program. When a child is absent and the family has no contact with the School Readiness and Smart Start Liaison, the Liaison will document the efforts to contact the family, and will withdraw the child after a two-week period. An absence beyond two weeks will require the approval of the School Readiness and Smart Start Liaison.

Our lunch counts are due to the CNHMS cafeteria by 9:00AM each morning. Teachers send in counts based off of the returned lunch menus. Please notify the HEEC office (860-742-4550) prior to 9:00AM if your child will be absent. This will enable us to remove your child from the lunch count and prevent you from being charged. No call = lunch ordered = charge. Also, if your child is going to be late to school on any given day, please call so we can order your child a lunch.

Arrival and Departure

HEEC requires that you drop off your child at 8:30/8:45AM for the morning class and 12:00 noon for the afternoon class. Pick up is 11:00AM for morning and 2:30/2:45PM for afternoon. Before Care students are dropped off between the hours of 7:00-8:30AM. After Care students are picked up between the hours of 3:00-5:30PM. If you are late picking up, your child will be waiting for you in the office supervised by an available staff member. Please also remember to call the school to notify us if you are going to be unexpectedly tardy.

The following guidelines are to be followed by parents/guardians to help make arrival and departure run smoothly:

- Prompt arrival and pick up are required.
- Please be sure you are holding your child's hand or have him/her in your sight at all times in the parking lot.
- Unless you have the proper permit, please refrain from using the handicapped parking spots.
- Please do not park along the curb – that is reserved for vans/buses.
- Please do not leave your car idling during drop-off and pick-up to help maintain healthy air quality.
- Upon arrival, please escort your child(ren) to the bathroom for toileting and handwashing.
 - Please do not send your child upstairs to the bathroom alone. They need to be supervised at all times.
- After handwashing, please escort your child to the classroom.
- Attendance is taken upon arrival to ensure children are accounted for in the classroom.
- Children will be dismissed from classrooms one at a time as parents/guardians arrive for dismissal.
- Teachers will open the classroom doors to begin the class. Doors will be open 10 minutes prior to the class start time.

Late Pick Up/Drop Off

Please allow sufficient time to get your child to his/her class promptly at the start of school and picked up promptly at the end of school. If you (or your designated person) are late dropping off your child, it disrupts the routine of the classroom. Classroom meetings have already begun and teachers are not available to greet your child as he/she arrives. If you are late picking up, staff is required to stay with your child, therefore preventing them from accomplishing other responsibilities beyond classroom time.

If you are late picking up, you will be called and, if necessary, your emergency contact will be called. Staffing of at least two staff (18 years or older) will wait with the child in the office until someone authorized to pick up arrives. If your child is not picked up after 1 hour, the police will be contacted.

Pick Up/Drop Off Procedure

HEEC has a procedure to keep track of students who are brought to and from school by an alternate person the parent(s)/guardian(s) have designated.

1. Parents/Guardians must complete the Pick Up/Drop Off Parent Authorization Form and submit to the HEEC office. The office will then provide the information to the appropriate classroom staff.
2. Each classroom will keep a log to track special instructions and/or changes to the pick up/drop off schedule.

Weather Related Delays and Early Releases and Scheduled Early Releases

HEEC *Weather* Related Delays (2 hour or 3 hour delay)

- **2 Hour Delay:** No AM Part Day Program, 9:00 am Before Care Opens, 10:45 am School Day Program Begins, 11:00 am Lunch Bunch, 12:00 pm PM Part Day Program as regularly scheduled
- **3 Hour Delay:** No AM Part Day Program, 10:00 am Before Care Opens, 11:45 am School Day Program Begins, No Lunch Bunch, 12:00 pm PM Part Day Program as regularly scheduled

HEEC *Weather* Related Early Release

- HEEC closes at 10:30AM

HEEC Scheduled Early Release

- 8:30-10:00 AM Program
- 10:30-12:00 PM Program
- 8:45-12:00 School Day Program
- No Lunch Bunch or After Care on Early Release Days

Keeping you informed is a top priority at Coventry Public Schools. The School Messenger Notification System is used to send a telephone, email or text message to you providing important information about school emergencies. School Messenger is being used to notify you of school emergencies, closings, delayed openings, and early releases. In the event of an emergency at school, you can have peace of mind knowing that you will be informed as soon as possible.

Transportation

Special Education Transportation

- Children with special needs who have been identified as needing transportation under their IEP will be transported by special education vans through the Coventry Public Schools.
- Para educators will be assigned to get children off the van at drop off and put on the van at pick up.
- Para educators will sign child in and out of school at the sign in station.
- Para educator will escort child to the classroom after placing child's belongings in his/her cubby and washing hands.

Updating Information

All forms must be updated each September via PowerSchool. However, please also inform the staff if there are any changes during the course of the school year to the following information: phone numbers, address, emergency contacts, health status, or change in family income.

Please be sure to notify the staff if a family event has occurred that may affect your child's behavior.

Curriculum, Instruction and Assessment

Classroom Curriculum

Our curriculum is based on the Connecticut Early Learning and Developmental Standards (CT ELDS). Teachers use a themed-based monthly curriculum document to guide instruction. Teachers meet weekly to collaboratively identify specific weekly targets and plan learning experiences.

The CT ELDS articulate standards in eight developmental domains:

- Social and Emotional Development
- Physical Health and Development
- Language and Literacy
- Creative Arts
- Mathematics
- Science
- Cognition
- Social Studies

Assessments

- Preschool Screen
- Ages and Stages Questionnaire (completed by parent/guardian)
- Teacher Observation Data
- Child Work Samples
- ESGI (Educational Software for Guiding Instruction) assessments
- Family Information

HEEC staff uses the following procedure:

- At the beginning of the school year, family projects, such as a family page for a classroom book and a *Parents as Partners* questionnaire are sent home. The purpose of these projects/forms is to allow families to share important information about their child and home environment.
- At the initial family conference held in October, families are given an opportunity to share information about their child and/or family dynamics. Also, the teachers share the initial observations used to assess children's growth.
- In November, HEEC holds a town-wide preschool screen. HEEC students participate in hearing and vision screenings on site.
- A standards-based report card is distributed to families three times over the course of the school year. Information is shared with families during conferences and as needed throughout the year.

HEEC staff members have access to children's assessments records for the following reasons:

- To observe and monitor each child's progress related to curricular goals and performance standards.
- To support curriculum development and planning
- To share information with receiving institutions to support effective transitions to Kindergarten programs (unless otherwise instructed by family)
- To share with Child Study Team if needed for child's positive outcomes

The HEEC staff maintains confidentiality for all assessments conducted during your child's educational program. The following procedure is used for confidentiality:

- Screening and assessment results are accessed by HEEC staff; itinerant personnel (PT, OT); HEEC contracted consultants; State Department of Health & Education; NAEYC
- The child's file containing the child's profile and assessment information is kept in the HEEC office in a locked file cabinet.
- An individual child record is not allowed to be taken out of the HEEC facility.

Family(ies)/Guardian(s) have the right to access their child's file at any time upon request.

For School Readiness students, the Coventry School Readiness Council provides for the oversight, coordination and support for the measurement of child progress in the following ways:

1. Family Survey Reports are shared with the Council once a year
2. NAEYC yearly evaluations are shared with the Council once a year
3. The School Readiness yearly evaluation is shared with the Council once a year

Preschool Screen

A preschool screen is held for all preschool-aged children who are Coventry residents. Screenings takes place two times per year. The spring screening is intended for new students who are registered to attend HEEC in the upcoming school year. This allows HEEC staff to become familiar with the child, assists with class placement decisions, offers incoming families the opportunity to learn more about HEEC, and supports a smooth transition into the preschool.

- The Brigance Screening is the standardized measure used. The Brigance provides an overview of development in the areas of motor, speech and language, and cognitive skills
- HEEC staff reviews results.
- Families are notified if results indicate a need for a re-screen

Child Study Team/Scientific Research-Based Intervention

HEEC has established a process for supporting young children utilizing universal best practices in early childhood education. This 3-tiered intervention allows child study teams (CST) to collaboratively problem solve, brainstorm intervention strategies, target specific skills and collect data. Movement through the tier system is determined by the team.

The CST meeting initiates the support process after a teacher requests assistance from program staff including the Preschool and Early Childhood Education Coordinator, special education teacher, and speech

and language pathologist.

Tier 1

The CST determines the need to move into Scientific Research Based Intervention (SRBI). Tier 1 in the SRBI process ensures that all children are receiving developmentally appropriate programming and universal best practices are implemented.

Tier 2

Tier 2 is utilized if the universal strategies determined in Tier 1 are not sufficient to meet the needs of specific students. Families are notified and data is collected via informal observation/screenings. Additional support staff are included as needed (occupational therapy, physical therapy). Individualized target skills are determined. Progress monitoring occurs every 4-6 weeks.

Tier 3

After extended strategizing, implementation and data collection, a team decision will be made with regards to the necessity of a referral to special education. At that point, permission may be obtained that allows the team to evaluate the child's current developmental levels.

Special Education Services

Tier 3 supports may include a referral to special education. A PPT (Planning and Placement Team) meeting is scheduled to discuss the referral and determine the need for formal evaluation. Evaluation results would assist in determining eligibility for special education services.

Special education services may include special education teacher support, speech and language therapy, occupational therapy, physical therapy and social skills support. HEEC is a fully integrated program and strives to provide all children with best practices in early childhood education. Teachers work together as a collaborative team to implement individualized goals and objectives from the students IEP (Individualized Education Plan) as well as differentiate instruction as needed. Family goals, desires and concerns provide direction as the PPT moves forward in decision-making and goal setting.

Health and Medical

Health Assessment Record Policy

In compliance with the Coventry Board of Education, an Early Childhood Health Assessment Record (ED 191) form must be submitted and kept on file at the preschool. This health form must indicate that your child has had a physical exam within the past 12 months, that she/he is in good health, and that she/he meets current vaccination requirements. The health form must be signed by a physician. By law, your child will not be allowed to attend school without a current health form on file, and no exceptions can be made. Health forms may be mailed to the 1776 Main Street, Coventry, CT 06238 or hand delivered to the preschool office.

If your child has (a) any serious medical conditions, (b) serious allergies (to food, medication, or insect stings), or (c) any other physical or medical restrictions, you will need to provide an *Authorization for the Administration of Medication School, Child Care and Youth Camp Personnel* form. This form must be signed by your physician stating the problem as well as any special procedures that must be followed in the

classroom. The form is available in the school office.

In case you are unavailable to pick up your child in the event of sickness, families should have an emergency number for an adult who will be able to pick up your child and care for him/her until you return. At all times, the school must have some way of reaching a family member or legal guardian in case of emergency or illness. Please be sure you indicate your emergency contacts when filling the Emergency Contact/Medical page in PowerSchool.

Procedure

Health Forms are provided to new and existing families/guardians of students in the registration package.

- Families/guardians are required to submit the completed Health Form (front & back) prior to the student's first day of school.
- Routine screening tests and immunizations are based on the recommendations of the Centers for Disease Control, American Academy of Pediatrics, and the Academy of Family Practice. The recommendations of these organizations are updated periodically and represent best practice; HEEC follows these guidelines in order for these indicators to be met.
- Health Forms expire one year after the date of the physical exam. The families have 30 days post the expiration date to submit a current health form. After that the child will not be able to attend school until a new Health Form is on file.
- Child Health Records include:
 - ⊖ Information regarding the child's health insurance coverage including the carrier, policy number, and insured name is located on the Health Form.
 - Evidence of immunizations; screening tests; and indicators of normal or abnormal test results.
 - Lead tests and developmental screenings are mandated by the State of CT and need to be reported on the Health Assessment Form.
 - Family member/guardian signature on the Health Form authorizes HEEC to have access to health information about the child.
- The Nurse consultant reviews each Health Form for routine screening tests, updated immunizations, updated physicals, and allergy information prior to the first day of school. Should the nurse identify missing or abnormal test results, a letter is sent to the families/guardians requiring medical resolution

If you have questions or need assistance to secure medical insurance, a physician, on-going well-child care, immunizations, and health, dental and nutritional screening, please visit the following websites or contact the HEEC for further assistance: www.medicalhomeinfo.org – www.ct.gov/dph. For general information about HUSKY Health, please visit www.huskyhealth.com. To apply by phone or for additional information about the HUSKY Health and Access Health CT programs, contact their information hotline at 1-855-805-4325 or visit www.accesshealthct.com.

Communicable, Infectious Disease

HEEC has written procedures to promote wellness and safeguard the health and safety of children and adults.

- Upon arrival in the classroom, children are greeted by an adult and observed for any possible health problems.
- If a child becomes ill at the center, a family member or authorized person is contacted to pick up the child. A designated quiet area within the school office is set up for the child until a family member or authorized adult arrives. A staff member provides continual visual supervision.
- A note from child's physician is required in order for child to return to school after any communicable disease/illness (i.e. Chicken Pox, Measles). The note should be given to the office and will be filed in the student's Health Assessment Record.
- The administrator will immediately notify all families and staff in writing when any communicable disease/illness has been introduced to the preschool.
- All soiled clothing is sent home in a plastic bag (see toileting procedure).
- Scheduled times for daily cleaning of toys and play areas are arranged.
- Use of gloves when dealing with bodily fluids is required.

Plan for Identifying Special Health Care Needs

- Families provide information regarding any allergies or other health care concerns at registration. Information is listed on the child's emergency card and updated as needed.
- A list of all allergies is posted in classroom information binders. All staff members are made aware of the list and the children identified.
- Families are asked to sign a release of information regarding food allergy information.
- If a child has an allergy and medication is prescribed for an anaphylaxis reaction, families must provide: (1) A written order from an authorized prescriber/parent permission form, (2) Emergency health care plan, and (3) Medication administration checklist. All forms need to be submitted and cleared by the nurse consultant and preschool administrator before administration of medication.

Emergency Health Care

When a child becomes sick or an accident occurs, HEEC determines the severity of the situation and contacts the family member/authorized person or arranges for transportation to the hospital and/or calls for an ambulance. One staff member will accompany the child to the hospital and take the child's medical information. They will remain with the child until the family member or designee arrives. If a family member cannot be reached, they will contact the designated person on the child's Emergency Information Sheet.

The Captain Nathan Hale Middle School nurse is available in the event of emergencies.

Injury Prevention Plan

- Monitoring of the environment by all staff members occurs daily. All staff are required to bring to the attention of the administrator any problems, repairs, or hazards.
- Staff conduct regular safety checks of the Preschool.
- Teachers and Para-educators check rooms and outdoor playground daily.

- Staff examine equipment and toy purchases carefully and all donated materials are checked for safety and health concerns.
- Teachers maintain an injury log for their classroom.
- Families are given a written accident form informing them of any significant injuries. Families and staff member(s) sign the form, and then staff file the original in the student’s file. A copy goes home with the child.
- The temperature and wind chill factor is checked daily and then the Child Care Weather Watch System is followed to determine when it is safe to bring preschool children outside.
- In summer months, we ask that families apply sunblock with UVB and UVA protection of at least SPF15 to their child before he/she comes to school.
- It is also recommended that, in the warm weather, children wear sun-protective clothes (clothing made with fabrics rated for ultraviolet protection, or clothing that protects skin areas most prone to sun damage.) Examples of sun-protective clothing: broad-brim hats, long sleeve shirts, full-length pants/skirts.
- Only with written parental/guardian permission (Administration of Nonprescription Topical Medications) do staff apply sunscreen or sunblock. In the event the public health authorities recommend the use of insect repellents due to a high risk of insect-borne disease, only repellent containing DEET can be used. Families will be advised to apply a repellent at home prior to coming to school.

Illness

If an illness prevents the child from participating in activities or creates greater need for care than the staff can provide without compromising the health and safety of other children or if a child’s condition is suspected to be contagious, then the child is made comfortable in a location where she or he is supervised until he or she can be picked up by a parent/guardian, family member or other person authorized by the parent/guardian.

In accordance with the Public Health Code 19a-79-6a “any child showing suspicious signs or symptoms of short-term contagious illness shall be placed in a designated isolation area with continual visual supervision by staff. The parent(s) or other authorized adult shall be called immediately to remove the child from the child day care center.”

If, upon arrival at the school, it is obvious to the teachers that your child is ill, they will ask you to take the child home. If, during the course of your child’s day, your child is unable to participate in the curriculum activities due to suspected illness, you will be contacted and are expected to pick up your child. Any child that is exhibiting symptoms such as fever, cough, diarrhea, sore throat, rash, skin lesion, may be excluded from school. Please refer to the illness guidelines below for some common illnesses. By helping us to observe good health standards, you will be protecting your child as well as others at the preschool. The school’s responsibility is to give emergency care to any child whose sickness or injury occurs during school hours.

Illness Guidelines

CHECK YOUR CHILD EVERY MORNING BEFORE SENDING HIM/HER TO SCHOOL:

If your child has both:	Then you must:
-------------------------	----------------

FEVER (100 degree F or 37.7 degree C) AND sore throat or cough. These symptoms suggest influenza-like illness. Your child may have the flu. Other symptoms can include runny nose, body aches, vomiting and diarrhea.	<u>CDC recommends that people with influenza-like illness remain at home until at least 24 hours after they are fever free or signs of a fever without the use of fever-reducing medications.</u>
If your child only has:	Then you must:
<ul style="list-style-type: none"> • Fever alone, OR • Vomiting or diarrhea, OR • Sore throat or new cough with no fever 	Keep your child home from school and child care until symptoms are gone for 24 hours.

We will monitor for influenza-like illness in school and will consult with the appropriate health and medical personnel to assure you that we have the health and safety of your child as our number one priority. Other illness guidelines and symptoms:

- Severe cold and fever, sneezing, nose drainage, and coughing.
- Conjunctivitis- an eye infection commonly referred to as “pink-eye”. The eye is generally red with some burning and yellowish discharge.
- Bronchitis. This can begin with hoarseness, cough, and a slight elevation in temperature. The cough may be dry and painful, but it gradually becomes productive.
- Rashes that you cannot identify or that have not been diagnosed by a physician.
- Impetigo. Begins as red pimples on the skin, which eventually become small vesicle surrounded by a reddened area. When the blister breaks, the surface is raw and weeping. The lesions occur in moist areas of the body, such as: creases of the neck, groin, and under the arm, around the mouth and nose.
- Diarrhea- watery or greenish bowel movements that look different and are much more frequent than normal.
- Vomiting- more than the usual “spitting up”.
- If child becomes really sick without obvious symptoms. In this case, the child may look or act different. There may be an unusual paleness, tiredness, irritability, or lack of interest.
- If a doctor diagnoses an ear or throat infection, as an example, and the child is prescribed an antibiotic, the child may not be brought to the Preschool until he/she has been on the medication for at least 24 hours. Please call the Preschool with diagnosis.

Thank you for helping us to keep the school environment as healthy as possible for all students and staff.

Toilet Training

We recognize that this process is unique for each child and want toilet training to be a positive, rewarding

experience. Staff will work with families to support children wherever they are in the toilet training process and will assist children in changing should an accident occur during the school day.

Children will be cared for using the following procedure following a toileting accident at school:

- Clothing that is soiled by urine or feces are immediately placed in a plastic bag (without rinsing or avoidable handling) and sent home that day for laundering.
- Underwear is changed when wet or soiled.
- Staff will change children in the designated changing areas and not elsewhere in the facility.
- Both the staff member and the child will wash their hands after changing.

Hand Washing Policy

Children and adults must wash their hands prior to entering the classroom for the day. Children are taught and utilize the following hand washing procedure:

- use liquid soap and running water
- rub hands vigorously for at least 20 seconds including back of hands, wrists, between fingers, and under fingernails (staff wash around jewelry)
- rinse well and dry hands with paper towel
- avoid touching the faucet with just washed hands (use paper towel to turn off water)

Children and adults wash their hands:

- on arrival for the day
- after changing or using the toilet
- after handling body fluids (blowing or wiping a nose, coughing on a hand, touching any mucus, blood or vomit)
- before meals and snacks, before preparing or serving food, or after handling any raw food that requires cooking
- after playing in water that is shared by two or more people (emerging criteria)
- after handling pets and other animals or other materials such as sand, dirt, or surfaces that might be contaminated by contact with animals
- when moving from one group of children to another

Behavior and Discipline

At HEEC, basic rules for the health and safety of the children are followed; as such, the environment is arranged to avoid problem-causing situations. Our program's expectations for behavior are consistent with developmentally appropriate practices issued by NAEYC, including building a school community that values considerate, respectful, and tolerant attitudes towards all families at the school. Staff members model and encourage skills that allow each child to develop a sense of control and autonomy, identify feelings, problem solve, and find their own rewards in cooperative social behavior. Classroom learning activities stress the importance of friendships, caring, sharing, and celebrating differences in others. Immediate intervention would take place if a child in our care ever became harmful to himself, another child or staff, and/or destructive to property. Staff members are trained to respond to a variety of situations using best practices, such as establishing clear and consistent expectations, offering choices, redirecting activity, pointing out natural or logical consequences of different behaviors, and scaffolding

problem solving. Positive reinforcement is always used to encourage positive behavior.

A child is never subjected to cruel or severe physical punishment (e.g., shaking or hitting), psychological abuse or coercion, humiliation, verbal abuse, withholding or threatening to withhold food or forced food as a form of punishment, or punished for wetting, soiling, or not using the toilet.

On an as needed basis, staff members collaborate with families, support staff, and/or other professional resources to identify, resolve, and develop behavior management plans. A key component of this plan is collecting information and data to determine what function the behavior is serving for the child. Family conferences are held to review and evaluate plans. HEEC will collaborate with related service professionals to ensure positive student outcomes.

In an effort to ensure ongoing monitoring of progress, identification of target goals and data collection that informs best practice, the SRBI process can be implemented. Tiered interventions support the team utilizing collaborative problem-solving. SRBI data will be utilized in transition to kindergarten. HEEC integrates the Second Step Curriculum: Social-Emotional Skills for Early Learning. Each classroom incorporates specific strategies outlined in the curriculum and the district carries this same program throughout the grammar school. Social groups are designed as needed, after consultation in Child Study Team, to enhance and reinforce skills learned through Second Step. The small group support allows the teacher to work one-on-one to facilitate coping skills, self-regulation and social problem-solving.

Parent Communication and Involvement

HEEC Parent Group

The purpose of the HEEC Parent Group is to enhance and support the educational experience at the Hale Early Education Center (HEEC), develop a closer connection between school and home by encouraging parent involvement and to improve the environment at Hale Early Education Center through volunteer and financial support. The goals of this organization are to provide a forum for discussion and foster communication between parents, administrators, educators and the community, to enhance the educational facilities and opportunities for students at HEEC that are not otherwise provided for in the school budgets, and to sponsor projects and events for the benefit of HEEC students. A variety of fundraisers and events take place throughout the school year. Families are not required to participate; however, any contribution or volunteering of time is greatly appreciated. All parents/guardians are welcome and encouraged to attend meetings when possible.

Family/Teacher Conferences

Family/Teacher conferences will be offered two times during the year. The first conference in October will involve discussion of your child's progress toward meeting initial standards and their transition into preschool. The second conference in March involves continued discussion of the child's development toward meeting CT ELDS standards. We value family participation and feedback as a crucial aspect of the preschool program. If you wish to request a conference at a different point in the year, please feel free to speak to your child's teacher. Should you need a translator to assist during the conference; every effort will be made to translate program information in the appropriate language.

Transition to Kindergarten

HEEC collaborates with the Coventry Grammar School administrators and teachers to prepare for and manage children's transition to the kindergarten, including special education programs. HEEC staff members also provide information to families that can assist them in communicating with other programs. The following measures are taken to ensure a smooth transition:

- Post information regarding kindergarten registration, kindergarten information nights, etc. and assist families in completing the kindergarten registration process (if needed).
- HEEC teachers share information, including relevant assessment information, with the Coventry Grammar School (CGS) Principal.
- Records transferred to Kindergarten include: Report Cards, SRBI Data, Health Forms
- Special education students are transitioned via the Planning and Placement Team Process.
- HEEC staff and CGS kindergarten staff participate in vertical team meetings to articulate the sequence of skill development from preschool to kindergarten in key developmental areas.
- Coventry Public School Kindergarten transition activities include:
 - Initial online registration process beginning in the Spring.
 - A parent/guardian orientation night is held to provide information and opportunity to ask questions.
 - Children are invited to visit their classroom, meet their teacher and new classmates and take a short bus ride.

Program Evaluation and Improvement

Accreditation

HEEC is a National Association for the Education of Young Children (NAEYC) accredited preschool. As HEEC houses the School Readiness Program and receives funds, NAEYC accreditation status must be maintained. School Readiness requires programs that are not yet accredited to be working towards accreditation, have a timeline for completion of the process and demonstrate adherence to the timeline. Programs must be working weekly with an early childhood consultant or be participating in the Accreditation Facilitation Project. Any changes proposed in the program that may affect the NAEYC accreditation must be reported in writing to the School Readiness Council.

The School Readiness Council provides support to HEEC in the following ways:

1. Provide training for staff regarding curriculum development and evaluation
2. Provide resources and materials that support learning center and child interest
3. Provide for family understanding of curriculum and assessment
4. Provide for training for staff
 - Health
 - Diversity
 - Inclusion
5. Supports transition to Kindergarten process

Program Evaluations

HEEC is responsible to a number of agencies. Each agency has developed guidelines and mandates that align to state and federal standards. These standards define program procedures and help identify areas of

need for program improvement. If required, action plans are developed annually and implemented within a six month period of time. All action plans will be reviewed to ensure that progress has been made.

The Office of Early Childhood (OEC) is a state agency that administers and regulates state child daycare centers. HEEC has received license-exempt status from the OEC. Connecticut General Statutes, Section 19a-77(b) provides that a program administered by a public school system is not required to be licensed to operate. The Coventry Public Schools Board of Education administers HEEC and retains responsibility for the management and oversight of the program and for the program staff and children served.

The National Association for the Education of Young Children (NAEYC)

NAEYC is a national organization that sets standards for a high quality preschool program. The program is evaluated using ten standards, including relationships, curriculum, teaching, assessment, health, teachers, families, community relationships, physical environment, and leadership and management. Programs wishing to become accredited must apply for candidacy, participate in the self-study process and undergo an extensive onsite visit by a trained NAEYC evaluator. NAEYC accreditation is valid for five years; however, programs must maintain standards of excellence through ongoing program improvement, family surveys, and by filing an annual report.

Family Surveys

As part of the NAEYC accreditation process, HEEC will provide each family with a survey near the end of the school year in order to receive feedback in assessing our program and helping to improve our overall quality. This survey is confidential and the results will be provided to families.

The School Readiness Council (SRC)

The SRC administers and maintains the School Readiness grant through the Connecticut Department of Education. Council members may visit the program at any time to ensure the program's compliance to all mandates. The SRC will direct the program to self-monitor, utilizing an instrument that encompasses all program components, to be implemented annually.

In the event that any complaint is filed with the Department of Public Health, the Department of Children and Families, or any other police or investigative agency concerning an alleged act at the site:

- The SRC is to be notified in writing by the provider of the details of the complaint. Such notification shall include the date and time of the alleged noncompliance, the nature of the complaint, the results of any investigation by provider personnel, and any action taken by the provider to correct the situation. Notification shall be made within 24 hours of the time that the provider is made aware of the complaint.
- The provider shall make the SRC aware of any findings made by the investigating agency within reasonable limits of confidentiality. Formal complaints made against the program or a staff member must be reported to NAEYC. The academy retains the right to initiate a review of accreditation of a program at any time on the basis of evidence of non-compliance of NAEYC standards.
- Monitoring results from the above evaluations will be reported to the SRC in the fall of each year and/or during the review of proposals for funding.
- The State Department of Education (SDE) will be notified in the event of a violation

Welcoming Children and Families to the Preschool

HEEC's staff establish intentional practices designed to foster strong reciprocal relationships with families from the first contact and to maintain those relationships over time. In addition, HEEC has plans and procedures to prepare for, orient and welcome children and families. The following plans and procedures are shared verbally and in writing with families of enrolled children and are available in languages that families use and understand.

Program events encouraging family involvement are held throughout the school year:

- An Information Night is held annually in March to welcome interested families to the program.
- Upon enrollment, HEEC sends a Welcome Letter and Health Form.
- A welcome letter from the child's assigned teacher is mailed to child in August.
- Come and See Day is held before the first day of school. Children are invited to explore their classroom and the center, have an opportunity to meet their teacher, classmates and center staff.

In addition, HEEC staff maintain relationships with families throughout the year:

- Monthly newsletters are sent home from the classroom and center
- Teachers, families and relevant specialists meet at conferences times in the fall and spring and other times throughout the school year as needed to discuss each child's progress, accomplishments and any difficulties in the classroom and at home, as well as to plan learning activities.

HEEC also has committees and educational teams and a parent/guardian group that work collaboratively throughout the school year to ensure the partnerships between the program families, staff and professionals are strengthened. This includes:

- Parent/Guardian Group Meetings; Spring Fest; Touch-A-Truck

Program staff engage with families to learn from their knowledge of their children's interests, approaches to learning, and the child's developmental needs, and to learn about their concerns and goals for their children.

This information is incorporated into ongoing classroom planning and obtained through activities such as:

- Ages and Stages Questionnaire; All About Me; Preschool Screen

Safety and Security

Emergencies

In the event of an emergency, the school will retain responsibility of all children on premises until they are released to a family member, guardian, or other designated person, or until they have been transported to an official evacuation center, in which case selected staff will remain with the children until they have reunited with their families.

Families should not telephone the school; they should listen to the radio for progress reports on whatever situation is taking place. Follow official instructions relayed by officials via the radio. If families are able to reach the school without danger to themselves or without interference with emergency personnel, they

should come to pick up their children. Children will be released only to families, guardians, or other persons designated persons by the family.

Evacuation

- Daily attendance recorded each day by the classroom teacher
- Evacuation plans are posted at every exit
- Teacher and/or paraeducator lead children out of the building
- All meet on the field between the HEEC playground and the CNH softball field for head count by classroom teacher or paraeducator
- Teacher or paraeducator take attendance book and daily schedule whenever possible
- Children or staff with a disability may require additional assistance.

Fire Drill Procedure

Fire Drills are scheduled regularly in conjunction with the Captain Nathan Hale Middle School and Coventry High School. A log of each fire drill document each drill. Sprinklers are installed in all classrooms and common areas of the preschool. Staff follow evacuation procedures as noted above.

Fire Drill Procedure While Families are in the Building

The following is our procedure for fire safety when families are in the building (i.e., at drop-off and pick-up times):

- If the child is NOT in the classroom, families will take their child out to the nearest exit door.
- If the child is in the classroom, **FAMILIES ARE NOT ALLOWED BACK INTO THE CLASSROOM TO REMOVE THE CHILD.** Classroom teachers are responsible for taking your child outside through their designated exits.
- Families should proceed out the exit to the softball field to the right of the playground.
- Once outside, families are instructed to **REMAIN IN THE FIELD.** Children must remain with the class so accountability is insured. Your cooperation on this point is vital.
- Families should wait until either the signal is given to return into the building or additional instructions are given by fire personnel.
- **FAMILIES ARE NOT ALLOWED** to take their child until instructed to do so by school or the emergency personnel when the area is clear or the drill is complete.
- The teachers will bring the classroom children back into the building.
- Families should then bring children who were not dropped off at the time of the drill into the building and to their respective classes.

Lock Down Procedure

Lockdown drills are also practiced in conjunction with Captain Nathan Hale Middle School and Coventry High School. During lockdown drills the teachers will direct children to an area of the room away from windows and doors. It will be explained to the children in a calm, reassuring manner that, “We are practicing in case there was ever something unsafe outside of our classroom.” The doors will be locked from the inside and the teachers will work with the children to remain quiet until the completion of the drill. Our teachers have a number of strategies to utilize to make this a positive, learning experience.

Building Security

The safety and security of the children and staff at the center is important to us. As a result, the following security system procedure is in place:

- Doors are locked Monday through Friday after drop-off and pick-up is complete
- Press the doorbell and a staff member will allow entrance once the person states their name and purpose for visiting
- When school is in session, visitors will be required to show identification and receive a visitor badge.

School Activities and Community Service

Family Involvement and Visitations

Families are the most important people in their children's lives. They are also their first and primary teachers. Early childhood programs are far more effective when the families are involved in meaningful ways so that children's learning is a joint effort between early childhood educators and families. This involvement begins with a mutual respect and trust. The early childhood educator provides knowledge of child development and early childhood education and families contribute specialized knowledge and experiences about their children. When young children observe positive and genuine communication between their families and teachers, they feel that their two worlds are connected.

HEEC encourages and welcomes families to visit the facility at any time during the program hours of operation: Monday through Friday from 8:30-2:45pm.

If a parent/guardian would like to schedule a classroom/program observation, they may contact the teacher or Preschool and Early Childhood Education Coordinator or call the office to make an appointment.

Parents/guardians are encouraged to volunteer in the classrooms (e.g., read a story, share a craft; share family culture, share a special talent).

Volunteers

If you would be interested in participating in the classroom environment on a more frequent basis, please consider becoming a volunteer. Volunteers can go to the following link:

<https://www.applitrack.com/coventry/onlineapp/default.aspx?Category=Volunteers>

Look for: JobID: 1253 for School Volunteer. The fingerprinting fee is waived once the online application is completed. The school contacts you on the next steps.

Celebrations

Birthdays/Special Occasions

Families are encouraged to acknowledge special occasions in other ways, such as coming in to read a child's favorite story or participating in a special game or craft with the children. Please see the above information related to visitation.

If you wish to bring in food for a special occasion, such as a child's birthday or a seasonal celebration, please discuss plans with your child's teacher. Due to food allergies, food that comes from home for sharing among the children must be either whole fruits or commercially prepared packaged foods in factory sealed containers. The Centers for Disease Control recommends this practice because of the risks of potential allergic reactions to ingredients that may not be identified, as well as, in maintaining food safety especially during transport.

Cultural

We know that each family has unique and special interests or traditions. We encourage families to share these ideas, which will enhance our curriculum and support children in recognizing and celebrating our similarities and differences. If there is a conflict between home values and school activities, please let us know so that we can accommodate your child.

Year End Celebration

HEEC will hold a family picnic to celebrate the end of the school year and also the children entering Kindergarten in the fall. All HEEC families are welcome! This event is held in June. The goal is to congratulate the children on their successful completion of the preschool year.

Community Resources and Events

Throughout the school year, HEEC will share information with preschool families related to local events, support services, and educational opportunities for families with young children. This may include information such as library programming, local theater performances appropriate for young children, parenting seminars, recreational opportunities, available supports from Coventry Human and Youth Services, etc. This information will be shared in numerous ways, such as via email, sent home in student backpacks, and/or posted in the entryway of the school. Information will also be placed in a Digital Backpack which can be accessed on the Coventry Public Schools website HEEC site.

School Readiness Collaborative

In partnering with the HEEC program, the School Readiness Collaborative works with community agencies, such as Booth & Dimock library, Town Social Services, Parks and Recreation, Adult Education, and with Pupil Services to provide a seamless network for families with young children. The School Readiness Council obtains interagency agreements with all partners each year. The interagency agreements will be reviewed annually and should collaboration show to be unsatisfactory, an action plan will be developed to improve the collaboration.

Other Services

If families are in need of social, mental health, educational, or medical services for their child or family, HEEC will assist the family in making the appropriate referral for services. If needed, a referral can be made to any of the agencies listed below:

- *School Social Worker: Vicki DeVeau (860) 742-7341*
- *Town Social Services: (860) 742-5324*
- *Adult Education or Job Training: Vernon Adult Education Program www.vrabe.org.*

Family Rights

1. Families/Guardians have the right to access their child's file including information such as; child's

profile/assessments, enrollment, health records, etc.

2. Family members who are legally responsible have the right to receive support and information about the care and well being of the child.
3. All families, regardless of family structure; socioeconomic, racial, religious, and cultural backgrounds; gender; abilities; or preferred language have the right to be included in all aspects of the program, including volunteer opportunities. These opportunities consider each families interests and skills and the needs of program staff.
4. Families have the right to visit any area of the facility at any time during the program's regular hours of operation as specified by the procedures of the facility.
5. Families have the right to receive program information in a language they can understand which includes program policies and operating procedures. HEEC Staff are familiar with family support services and specialized consultants who are able to provide culturally and linguistically appropriate services.
6. Families have the right to be informed about the program's formal and informal assessment of children's progress. This information includes the purposes of the assessment, the procedures used for assessment, procedures for gathering family input and information, the timing of assessments, the way assessment results or information will be shared with families and the ways the program will use the information.
7. Families have the right to receive communication regarding a suspected child developmental delay or other special need in a manner that is sensitive, supportive, confidential, and provided with documentation and explanation for the concern with suggested next steps and information about resources for assessment.
8. HEEC staff encourage families to raise concerns and work collaboratively with families to find mutually satisfying solutions that staff then incorporate into classroom practice. Staff use a variety of techniques to negotiate difficulties that arise in their interactions with family members, and make arrangements to use these techniques in a language the family can understand.

If a parent/guardian has a complaint, the following is the process to be followed:

- Parent/Guardian must first contact the teacher/special education case manager verbally and/or in writing
- Teacher sets up a meeting
- Notes are taken at the meeting stating the following:
 - the concern
 - a plan of action
 - date to revisit to determine complaint resolution

If the complaint was not resolved after the initial meeting:

- Teacher sets up a time verbally and/or in writing to meet with the Program and Early Childhood Education Coordinator.
- If concern involves special education, a Pupil Planning Team Meeting is set.
- A plan of action is documented.

What Does Your Child Need?

Proper Attire

Families should send their children to school appropriately dressed for a day of outdoor play, art activities, water play, and other, often messy, school activities. Non-slippery shoes such as sneakers are best.

- During the winter months, winter boots, snow pants, hats and mittens are required to participate in outdoor play in the snow. We recommend name labels on boots, gloves, and other items of apparel to determine ownership.
- It is also recommended that, in the warm weather, children wear sun-protective clothes (clothing made with fabrics rated for ultraviolet protection, or clothing that protects skin areas most prone to sun damage. Examples of sun-protective clothing: broad-brim hats, long sleeve shirts, full-length pants/skirts).
 - In summer months, we ask that families apply sunblock with UVB and UVA protection of at least SPF15 to their child before he/she comes to school.
 - Only with written parental/guardian permission (OEC Form Administration of Nonprescription Topical Medications) do staff apply sunscreen or sunblock.

Change of Clothing

Families will be responsible for sending a complete change of clothes appropriate to the season (shirt, pants, socks, underwear).

Snack

Families are responsible for supplying a nutritious snack and drink for their child each day she/he attends. Snack items should be placed in the bins in front of the child's classroom when dropping your child off. The snack bags should be labeled with the child's name and, if necessary, please include an ice pack.

- For School Day students: there will be an *optional* morning snack served immediately upon arrival. If your child orders school breakfast, it will be served during this time. If you would like your child to participate, please send in two snacks daily.

Lunch

Families are responsible for supplying a nutritious lunch daily for School Day and Lunch Bunch students. Lunch bags should be labeled with the child's name and, if necessary, please include an ice pack.

School Lunch Program

School Day and Lunch Bunch students have the option to purchase school lunch through Coventry School Food Services. The lunches are delivered to HEEC from the middle school cafeteria on a daily basis.

As participants in the National School Lunch Program, each meal served must meet strict USDA dietary guidelines. A choice of a hot entrée or a yogurt plate with a bagel will be available each day. Each meal will also include a fruit and a vegetable and milk.

If you choose to order lunch: please complete a Monthly Lunch Calendar and return to school at the beginning of each month. Circle which days your child will be purchasing lunch, including their choice of hot lunch or yogurt and bagel. The daily cost for lunch is \$2.75. Families may choose to have their child purchase lunch on a daily basis, or they may choose to purchase lunch on some days and send in a lunch from home on others. Students are assigned an ID number, and families may view their student's account and make payments by visiting www.myschoolaccount.com. Families may also send a check (made payable to "Coventry School Food Services") or cash into school for deposit on the account.

If you would like information about applying for Free and Reduced Priced School Meals, please contact the Director of School Food Services at 860-742-4571 or visit the "Food Services" link on www.coventrypublicschools.org.

Nutrition and Food Safety

We ask that you refrain from sending the following foods to school: popcorn, hard pretzels, raw peas, raw carrots and whole grapes since these items pose a choking risk for children under the age of four. While we recognize that some children may be developmentally able to handle these foods, we ask that you save these items to be enjoyed at home.

We encourage families to promote good eating habits and good food choices. For more information please visit: www.sde.ct.gov/sde/cwp/view.asp?a=2626&Q=320670.

HALE EARLY EDUCATION CENTER
2020-2021 – In-Person, Every Day

All safety procedures included in this document follow the requirements for all child care facilities (including license-exempt programs) to reduce the risk of spreading any infectious disease while operating during this public health emergency (*GUIDANCE FOR CHILD CARE During Covid-19* – from the Office of Early Childhood 5-29-20; updated 8/5/20). According to the document, “This guidance can also be found on the OEC Covid-19 Website in Memo #6 Revised and Memo #15. All guidance is based upon medical advice from the CDC, DPH, and the Governor’s Office.”

The primary requirements of the OEC document include:

- ❖ All staff must wear face coverings at all times.
- ❖ Maintain groups of 16 or fewer per space.
 - NOTE: Children should stay in the same group each day so that, if an outbreak should happen to occur, only one classroom may need to be closed for 14 days, instead of the entire program.
- ❖ Temperatures of staff will be taken upon entry to the facility. Taking the temperatures of children is optional. HEEC will continue to do so by a non-contact device.
- ❖ Exercise enhanced cleaning and disinfection.
- ❖ All staff shall cover their mouths with their sleeve or a tissue when coughing or sneezing, and encourage children to do the same; and dispose of soiled tissues immediately after use.
- ❖ Avoid touching the eyes, nose, or mouth with hands.
- ❖ Ensure anyone showing signs of sickness stays home.
- ❖ Implement social distancing

Procedures for the Hale Early Education Center

1. Mask Wearing

- All staff must wear a face covering at all times (unless outside and able to keep a distance of six feet)
- Children in a child care environment and those with medical conditions are not required to wear a mask.
- Individuals will be careful not to touch their eyes, nose, and mouth while removing their face covering, and wash hands immediately after removing.

2. Social Distancing and Group Size

- Group size will be limited to no more than 16 children. As many adults as needed are permitted. The ratio for preschool remains one 1 adult to 10 children.
- Classrooms will include the same group each day, and the same teachers will remain with the same group each day to the extent possible.
- Spaces utilized and number of students allowed in the space (per the OEC guideline of 35 square feet per child) will include the following:
 - Purple Classroom – 16 students and 2 staff
 - Orange Classroom – 16 students and 2 staff
 - Green Classroom – 11 students and 2 staff in a.m. and 11 students and 2 staff in p.m.
 - Red Classroom – 11 students and 2 staff in a.m. and 11 students and 2 staff in p.m.
 - Yellow Classroom – 16 students and 2 staff
 - Blue Classroom – 16 students and 2 staff

- Rainbow Classroom – 8-12 students and 1-2 staff
 - Silver classroom – 12 students and 2 staff
 - The space allocations accommodate 114 children, which is the typical HEEC capacity
 - Playground times will be staggered so that only one group at a time accesses the playground.
 - During nap time, cots will be spaced out as much as possible, ideally six feet apart, and children will be placed head to toe.
 - Children will be spaced six feet apart during meal and snack times.
 - Before and After Care
 - Children will be grouped in Before Care and After Care so that they remain with the same group of children throughout their time at the center.
 - Holiday events and performances will be cancelled or postponed.
 - Family Conferences will be conducted virtually.
 - Pupil Planning Team (PPT) and B-3 Transition meetings will be conducted virtually.
 - Staff meetings and teacher team meetings will be conducted virtually.
3. Drop-Off and Pick-Up
- No family member will enter the building.
 - Sign in and sign out will occur outside of the building.
 - Staff will greet children outside as they arrive.
 - Parents/guardians/designated adults must wear a mask, and will maintain six feet of space between them and staff whenever possible.
 - To assist with drop off and pick up, we encourage parents/guardians to maintain a consistent pattern of adults who drop off and pick up.
 - A staff member wearing a mask will hold a clipboard and sign students in, noting the time parents/ guardians or designated adults drop-off and when they pick-up.
 - Classes will have scheduled drop-off and pick-up times. Drop-off and pick-up outside of the allotted time will not be permitted unless prior notice is given to the office (call or email Liz Murphy) and a later drop-off time or an early or late pick-up is arranged. This modification should only be used for emergency or appointment situations.
 - Children will wash their hands immediately upon entering the classroom. They will either be supervised using hand sanitizer and then directed to the sink to wash their hands with soap and water, or sent directly to the sink to wash with soap and water.
4. Health Screening:
- Health Promotion Communication will include:
 - Parents/guardians and staff will be informed of the symptoms of COVID-19 prior to the start of school. This information will be communicated via newsletter and emails. COVID-19 symptoms include: fever (temperature greater than 100°f) or chills, cough, shortness of breath, difficulty breathing, fatigue, muscle/body aches, headache, sore throat, nausea, vomiting, diarrhea, or a new loss of smell/taste.
 - HEEC will stress the importance of parents/guardians actively monitoring symptoms of their children and all family members each day prior to sending children to school. Should anyone in the household be symptomatic, parents/guardians should keep children home and notify HEEC.
 - If anyone in the household has been exposed to someone with a known case of COVID-19, students should stay home from school and notify the HEEC administrator. The expectation is all household members will be quarantined for 14 days.

- Parents/guardians must call HEEC on the morning of their child's absence indicating the reason prior to the start of each school day.
- All staff and children will be screened for any observable illness, including cough, respiratory distress, or signs of illness (flushed cheeks, rapid breathing or difficulty breathing, fatigue, extreme fussiness), and to confirm temperature below 100 degrees Fahrenheit. Screening includes assessing health by taking temperature.
- Parents/guardians/designated adults will be asked the following questions:
 - Is there anyone in the child's home who is Covid-19 positive?
 - Has the child been exposed to anyone with Covid-19 within the past 14 days?
 - Is the child experiencing any fever, cough, or any other symptoms of illness?
 - Has the child or anyone in the home visited any high-risk areas within the last two weeks?
- Procedures for taking temperatures:
 - Student temperatures will be taken by a lead staff member wearing PPE (face shield, mask, and gloves) using a Non-Contact Infrared Thermometer or
 - Staff temperatures will be taken utilizing a Non-Contact Infrared Thermometer or the TAURI Temperature-Check Tablet (1-Second, No-Contact, Temperature Scan from 3 feet)
 - Staff or children who have a temperature greater than 100 degrees will not be permitted into the program. Staff may return to the program once they are fever-free for 24 hours.
 - If a child has a FEVER (100 degree F or 37.7 degree C), sore throat or cough, the CDC recommends that the student remain at home until at least 24 hours after they are fever free without the use of fever-reducing medications.

5. Cleaning and Disinfecting

- Deep cleaning of the facility will occur nightly. This will involve cleaning of doorknobs, light switches, classroom sink handles, counter-tops, lids of garbage cans, cots, tables, chairs, cubbies, and playground structure surfaces made of plastic or metal.
- Cleaning products will not be used near children, and staff will ensure that there is adequate ventilation when using these products to prevent children from inhaling toxic fumes.
- All cleaning materials will be kept secure and out of reach of children.
- Toys that cannot be cleaned and sanitized will not be used
- Toys will be rotated and cleaned daily. Students will wash their hands before moving from one area in the classroom to another during center time.
- Toys to be used by multiple students that cannot be cleaned and sanitized, will not be used.
- Any toy that a child touches to their mouth or that is otherwise contaminated by bodily secretions or excretions will be immediately put in a separate bin and cleaned thoroughly by hand before being put back into use (clean with water and detergent, rinse, sanitize with an EPA-registered product, rinse again, and air-dry)
- Machine washable cloth toys and other items likely to be placed in a child's mouth, like play food dishes, utensils, will be used by one child at a time or not used at all. These toys will be laundered/cleaned and sanitized if possible before being used by another child.
- Toys will not be shared between classes, unless they are washed and sanitized before being moved from one class to another.
- Books and other paper-based materials are not considered a high risk for transmission and do not need additional cleaning procedures.

- Each child will have a personal bin of common items (e.g., scissors, crayons, markers, glue stick, playdough). Other items will also be labeled for individual student use (e.g., smocks). This will discourage sharing of items between students.
 - All personal items of the students will be housed in individual cubbies or bins within the classroom
 - Each child's bedding will be kept separate. Cots will be labeled for each child.
 - Bedding that touches a child's skin will be cleaned weekly. All bedding will be sent home for cleaning on the last day of each school week.
 - Playground
 - Individual classrooms will use the playground at separate times.
 - All hard surfaces of the playground will be disinfected between uses by different groups or when bodily secretions get on surfaces.
 - Children will wash hands before and after using the playground
 - Hand sanitizer will be available outside if a child sneezes, blows their nose, etc.
 - A trash receptacle for disposal of soiled tissues, gloves used for sanitizing, etc. will be placed on the playground
 - Sandboxes will be closed/covered
 - Travel in the common areas (hallways, lobby):
 - Groups of children will travel in the hallway one at a time. A clear schedule for movement through the center will be established.
 - A paraeducator or the administrator will be stationed in the upper hallway at all times. This paraeducator and the administrator will have a walkie-talkie. All spaces that have groups of children will also have walkie-talkies. If children need to use the bathroom or otherwise travel in the hallway during a non-scheduled time, the group teacher will radio the hallway monitor or administrator to determine if it is clear to enter the hallway.
 - Hand Hygiene will be implemented as follows:
 - Staff and children will be reminded daily that regular hand washing with soap and water for at least 20 seconds should be done:
 - Before coming in contact with any child;
 - Before and after eating;
 - After sneezing, coughing or nose blowing;
 - After using the rest room;
 - Before handling food;
 - After touching or cleaning surfaces that may be contaminated; and
 - After using any shared equipment like toys, computer keyboards, mouse.
 If soap and water are not available, an alcohol-based hand sanitizer will be used. Any use of the sanitizer by a child will be supervised by an adult.
 - Respiratory Hygiene will include:
 - All staff will cover coughs and sneezes with a tissue or the corner of the elbow;
 - All children will be encouraged to cover coughs and sneezes with tissues or the corner of the elbow; and
 - Soiled tissues will be disposed of immediately after use.
6. Washing, Feeding, Diapering, or Holding a Child
- Staff can protect themselves by wearing an overly-large button-down, long-sleeved shirt; and by wearing long hair up off the collar in a ponytail or other updo.

- When diapering a child, assisting with changing a pull-up, assisting with a change of clothes, or otherwise assisting a child in the bathroom, staff will wash their hands (and any other area touched by the child’s secretions) before assisting, and wear gloves in addition. After assisting, staff will wash their hands again (even if he/she was wearing gloves), and wash and disinfect the changing area if needed.
- Contaminated clothes will be placed in a plastic bag.
- HEEC will follow current HEEC food policies in regard to provision of food for children or food brought from home.

7. Sick Procedures

- HEEC will communicate to parents/guardians the importance of keeping children home when they are sick as noted above.
- The HEEC administrator will communicate to staff the importance of being vigilant for symptoms, and staying in touch with the administrator if or when they start to feel sick.
- If a child develops an elevated temperature or becomes ill during the school day, that child will be brought to a separate room. The administrator, administrative assistant, or designee will contact the parent/guardian. An adult wearing a mask, shield, gown, and gloves will remain with that child until a parent/guardian or designated adult is able to pick the child up from the program. The back “staff” room will be designated for this purpose. This room will be cleaned and surfaces disinfected after the sick child has gone home.

8. If Covid-19 is Diagnosed in a Child or Staff Member

- If a child or staff member who has been present in the program is diagnosed with COVID-19, HEEC will notify families and staff of the program about the exposure.
- The superintendent of schools and nurse supervisor for the district will also be contacted.
- Return to school if the illness is believed or confirmed to be COVID-19:
 - 3 days with no fever (without medication) **and**
 - Respiratory symptoms have improved (e.g. cough, shortness of breath) **and**
 - 10 days since symptoms first appeared **or**
 - Two negative test results in a row, at least 24 hours apart

*All safeguards and procedures adhere to and extend beyond the *Guidance for Child Care During Covid-19* document distributed by the Connecticut Office of Early Childhood on May 29, 2020, the update of Memo 15 issued by Beth Bye on June 25th, 2020, and Addendum 2 – *Covid Guidance and Considerations for Preschool Located in Public Schools* – (July 27, 2020) of the *Adapt, Advance, Achieve: Connecticut’s Plan to Learn and Grow Together* issued by the Connecticut State Department of Education on June 29, 2020.
